### ANOTHER TRIAL

**This Lady Asks For—Alleged to Have Received Careses From a Preacher.**

Hawesville, Ky., May 30.—The Rev. B. F. Lawhorn has been suspended from the pastorate of the Hawesville Methodist church and must answer on trial at Central City, Ky., September 19 before the Methodist Conference. The charges were brought against him by Mrs. Joseph Sapp, a member of his church. Some time ago Mr. Sapp hired a horse in the back of his business house and saw the preacher carrying his wife. He came from his place of hiding with a pistol in his hand, but did not shoot. At an informal investigation at that time, both the preacher and Mrs. Sapp denied the charges made by Mr. Sapp. This trial resulted in the acquittal of the Rev. Mr. Lawhorn, and after a few days, the home of the Sapps was re-established.

Presiding Elder Lewis then saw Mrs. Sapp and she told him that her conscience was hurting her, and that she wanted another trial, saying that she made the former statements on the idea that if she told the truth, it would have ruined her, the preacher and the church. The Rev. Mr. Lewis ordered another trial which resulted in the suspension of Mr. Lawhorn and the withdrawal of the names of Mr. and Mrs. Sapp as members of the church. The investigation committee was composed of the Rev. J. W. Love, of Lewisport; C. E. Hartford, of Owensboro; W. R. Wagner, of South Carrollton; the Rev. Mr. Lewis, of Owensboro; and B. M. Currier, of Cloverport. In this trial, Mrs. Sapp stated she told the preacher after the former trial that her conscience was hurting her and she wanted another trial, but that the preacher told her that that would never do, as it would ruin the church.

**Bride Held as Collateral for the Loan.**

Mansfield, O., May 31.—An hour after Spire George Schaeffer this morning had united in marriage a young Hungarian couple, John Schmidt and Miss Katie Oster. The bridegroom returned in great distress. He complained that his mother and stepfather had stolen his bride away from the home to which he had taken her, and expressed their intention of keeping her until he paid the balance of the amount of the steamship passage money and other expenses by them when she came to America some months ago.

Justice Schaeffer referred him to the police department, and Police Officer Madden accompanied him to the home of John Groshonts, the stepfather of the young woman. After the officer had explained to the parents that it is not permitted in America to make a bride collateral for a loan, he compelled them to release the bride.

**Asthma Sufferers Should Know This.**

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Biesing, 201 West Third St., Davenport, Iowa, writes: "A severe cold contracted many years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have saved years of suffering." J. H. Williams.

**The True and Simple Success.**

Some people are familiar with Robert Louis Stevenson. Others are not. Both classes, in any event, may profitably dwell at this time, when so much is being said about the true philosophy of living and the standards of real success.

**Thousands Have Kidney Trouble and Don't Know It.**

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also evidence of kidney trouble. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It cures inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. Write for a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Home of Swamp-Root, Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## NEW LAW

In Regard to Insane Persons—One Instance which Alleges a Shocking Procedure.

The Mayfield Monitor says: An old soldier spent Tuesday night in the Graves county jail among jailbirds and felons, as a consequence of General Chairman Percy Haley's order that all lunatics should be held in the county until the machine sent one of their own agents after them.

Mr. Joseph M. Tolbert, an old soldier who had passed his three score years and ten and earned the reputation of an honest man and a good citizen, was adjudged a lunatic in Judge Crossland's court Tuesday and would have been taken at once to the asylum, but for the recent order of Haley to the county judges, that all persons adjudged to be lunatics should be held until one of the agents of the board of commissioners called for the lunatic.

It being impossible for Gen. Haley's agent to have reached Mayfield in time to convey the old gentleman to Hopkinsville the same day of his trial, the old gray-haired soldier had to be placed in jail to await the convenience of General Haley's agent.

If some friend of the old gentleman had been allowed to go with him at once to Hopkinsville he would have been spared the disgrace of being sent to jail and his relatives and friends would have escaped the humiliation and mortification of seeing him jailed like a common criminal. Under this same order of Haley's our wives and daughters, should they become suddenly and helplessly demented, will have to be held without regard to condition or inconvenience, until some strange man is sent among us to take charge of her, and by him conveyed her to the asylum, unless we, at our own, or the county's expense, go with them.

Cushing is a merchant in Glasgow, Scotland, and lives at No. 812 Washington avenue. His wife said they married Sept. 10, 1871, in Jersey City. "For some unknown reason" he left her, she said. They had two daughters who are now married and living in Brooklyn.

"Mrs. Cushing, how many children have you?" Magistrate Breen chanced to ask. "Three," she answered. "I thought you said you had two girls when your husband left you, ex claimed the Magistrate, surprised. "We had only two then, but an other came very soon afterward," said Mrs. Cushing.

"It's not enough for my wife to appear on earth again," groaned Cushing; "she says I have another child."

Mrs. Cushing declared she had employed detectives in her vain search for her spouse, and only learned last Monday where he was. The thoughtful ly got a summons for him and served it herself. The cowed Cushing nearly collapsed when she appeared before him.

He insisted that Mrs. Cushing de ferred him and that she could have found him long ago if she had desired. Magistrate Breen recommended both to go to the Corporation Counsel and settle their difficulties. He dismissed Mrs. Cushing's complaint and her re quest for alimony.

**San Francisco's Rank Among the Cities.**

In population, San Francisco, before the earthquake, stood ninth among the cities of the United States, according to the census of 1900, which credited her with 342,782 inhabitants, a figure which had probably grown considerably to 400,000 at the time of the disaster. Her position as the metropolis of the Pacific Coast, however, and her importance as a seaport, entitled her to a much higher rank. Regular line of steamships connect the city with Japan, China, Australia, New Zealand, the Philippines, Mexico and the Central and South American ports. The shipments of treasure, wheat, liquor and lumber and the receipts of tea, sugar and coffee are especially large. Great shipbuilding, sugar refining, packing, jarring and canning interests are—or were—centered in the city. The value of its manufactures in 1900 was \$134,000,000.

San Francisco received its present name in 1847, when it was an incon siderable village. It sprang into importance in the gold rush of 1849, its population in that year increasing from 2,000 to 20,000. In 1860 it had grown to 76,802; in 1870 to 149,475; in 1890 to 298,957. The eight cities which have a larger number of inhabitants than San Francisco, according to the last census, are:

**A Beautiful Prayer.**

Oh, thou Infinite One, we would draw near unto thee who art never far from us. Help us to live in unity with our fellow men, reconciling our inter est to their interest, and loving others as we love ourselves. Teach us, Father, to love the unlovely, those who evi dent treat us, to lose ourselves in disinterested service to toil for the weak and wayward, to seek to save thy little ones from ignorance and wickedness, and to hasten that time when all men shall recognize the ties that bind them to Thee and to one another. May we feel thy presence always around us and within us, and love the things that thou lovest and serve Thee with the service of our daily life. Amen.

---Added Child Surprises the Husband.

The New York World says: Having been separated for twenty-one years, and most of that time being each other dead, William Cushing and his wife Rosanna, confronted each other in the Jefferson Market Police Court yesterday. The meeting was far from happy. Each accused the other of desertion, and Mrs. Cushing demanded alimony for the future. Besides, Cushing found himself more of a father than he had supposed.

Cushing is a merchant in Glasgow, Scotland, and lives at No. 812 Washington avenue. His wife said they married Sept. 10, 1871, in Jersey City. "For some unknown reason" he left her, she said. They had two daughters who are now married and living in Brooklyn.
